Ms.

White's

Class

news

letter

A NOTE FROM THE TEACHER:

We are going to really start diving into the writing process this week, including planning, editing, and revising.

We will continue to work on our reading comprehension through retelling and summarizing what we read.

Ask your child about conductors and insulators and open and closed circuits. We are having so much fun in science!

Please be sure to have your student wear comfortable shoes and brush their hair for our school picture/field trip extravaganza on Friday! 😊

THANK YOU, Ms. White

sjwhite@wcps.net

IMPORTANT DATES & REMINDERS:

- Students should be reading for 20 minutes a night and logging their reading in their agenda. Math homework will come home as a packet on Monday and be due Friday.
- The Shining Star Fundraiser has begun: https://washingtongt.memberhub.com/payment_requests/161
- Our first field trip to the Science Museum is this Friday, October 13.
- Fall Picture Day is this Friday, October 13.
- Thursday, October 19 is the Fall Picnic from 5 - 7pm.
- Friday, October 20 is an early release day.

**"A LITTLE
PROGRESS
EACH DAY
ADDS UP
TO BIG RESULTS"**

The Scoop!

reading

We can summarize and retell stories using plot, character, setting, and theme.

writing

We can plan, edit, and revise our writing in order to develop personal narratives.

math

We can fluently add and subtract using regrouping and ungrouping in multi-step word problems.

Social Studies/Science

We can explore electricity in order to better understand circuits and series.
